

# SIMCOL PETROLEUM NIGERIA LIMITED

## INSTITUTIONAL EXPORT PLATFORM OVERVIEW

---

### REGULATORY STATUS

Simcol Petroleum Nigeria Limited is formally licensed by the Nigerian Midstream & Downstream Petroleum Regulatory Authority (NMDPRA) as an export-only physical petroleum company operating within compliant Nigerian midstream and downstream frameworks.

All export activity is structured under regulatory guidelines and allocation-controlled supply channels.

---

### PRODUCT SLATE

- Jet A-1 (Aviation Turbine Fuel)
- AGO — Automotive Gas Oil (WAF Specification)

### EXECUTION MODEL

Hybrid institutional execution model integrating Nigerian supply infrastructure with Dubai-based commercial coordination.

**Nigeria:** Refinery-aligned onboarding & allocation

**Dubai:** Execution structuring & documentation

---

### COUNTERPARTY FRAMEWORK

- Qualified institutional buyers
- Established international trading houses
- Structured procurement mandates
- Bank-supported trade finance frameworks

*Counterparty onboarding and qualification are required prior to transaction engagement.*

---

### INSTITUTIONAL ENGAGEMENT

Simcol operates under disciplined allocation and compliance protocols. Engagement is limited to structured, documentation-ready institutional inquiries.
